GENERAL PROXY MATERIALS

FOR THE ANNUAL MEETING OF SHAREHOLDERS OF THE CORPORATION FOR THE YEAR ENDED APRIL 30, 2021 TO BE HELD ON OCTOBER 4, 2021.

Solicitation of Proxies

This Information Circular is furnished in connection with the solicitation of proxies by the Board for use at the Meeting and at any adjournment(s) thereof, for the purposes set forth in the accompanying Notice of Meeting.

Appointment and Revocation of Proxies

Instruments of proxy must be addressed to the Secretary of the Corporation and reach TSX Trust Company not later than 48 hours before the time for the holding of the Meeting or any adjournment(s) thereof. Only Shareholders of the Corporation at the close of business on the Record Date are entitled to receive notice of and to vote at the Meeting unless after that date a Shareholder of record transfers its Shares and the transferee, upon producing properly endorsed certificates evidencing such Shares or otherwise establishing that he owns such Shares, requests at least 10 days prior to the Meeting that the transferee's name be included in the list of Shareholders entitled to vote, in which case, such transferee is entitled to vote such Shares at the Meeting.

An instrument of proxy shall be in writing and shall be executed by the Shareholder or his attorney authorized in writing or, if the Shareholder is a Corporation, under its corporate seal or by an officer or attorney thereof duly authorized.

The persons named in the enclosed form of proxy are directors and/or officers of the Corporation. A Shareholder is entitled to appoint a person to attend the Meeting as the Shareholder's representative (who need not be a Shareholder of the Corporation) other than the persons designated in the form of proxy furnished by the Corporation. To exercise

such right, the names of the persons designated by management should be crossed out and the name of the Shareholder's appointee should be legibly printed in the blank space required.

A proxy is revocable. The giving of a proxy will not affect a Shareholder's right to attend and vote in person at the Meeting. In addition to revocation in any other manner permitted by law, a Shareholder may revoke a proxy by instrument in writing executed by the Shareholder or such Shareholder's attorney authorized in writing, or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof, duly authorized, and deposited at the registered office of the Corporation, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment(s) thereof at which the proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting, or any adjournment(s) thereof.

Persons Making the Solicitation

The solicitation is made on behalf of management of the Corporation. The costs incurred in the preparation and mailing of Meeting Materials will be paid by the Corporation. In addition to the mailing of these materials, proxies may be solicited by personal interviews or telephone by Directors and officers of the Corporation, who will not be remunerated therefor.

Exercise of Discretion by Proxy

The Shares represented by proxy in favour of management nominees shall be voted on any ballot at the Meeting and where the Shareholder specifies the choice with respect to any matter to be acted upon, the Shares shall be voted on any ballot in accordance with the specification so made.

In the absence of such specification, Shares will be voted in favour of the proposed resolution. The person appointed under the form of proxy furnished by the Corporation is conferred with discretionary authority with respect to amendments or variations of those matters specified in the form of proxy and Notice of Meeting. At the time of mailing of this Information Circular, management of the Corporation knows of no such amendment, variation or other matter.

Voting of Shares – Advice to Beneficial Holders of Securities

The information set forth in this section is of significant importance to many Shareholders as a substantial number of the Shareholders hold their Shares through intermediaries such as brokers and their agents or nominees and not in their own name. Shareholders who do not hold their Shares in their own name (referred to in this Information Circular as “**Beneficial Shareholders**”) should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of the Shares can be recognized and acted upon at the Meeting. If Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Shares will not be registered under the name of the Shareholder on the records of the Corporation. Such Shares will more likely be registered under the name of the Shareholder's broker or an agent or nominee of that broker. Shares held by brokers or their agents or nominees can only be voted for, or withheld from voting, or voted against any resolution upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers their agents or nominees are prohibited from voting Shares for their clients.

Applicable regulatory policy requires intermediaries and brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary and broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker (or agent or nominee thereof) is identical to the form of the proxy provided to registered Shareholders; however, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. **A Beneficial Shareholder receiving a proxy from an intermediary cannot use that proxy to vote Shares directly at the Meeting, rather the proxy must be returned to the intermediary well in advance of the Meeting in order to have the Shares voted. A Beneficial Shareholder may however request the intermediary to appoint the Beneficial Shareholder as a nominee of it as a proxy holder. A Beneficial Shareholder should contact the intermediary, broker or agents and nominees thereof, should it have any questions respecting the voting of the Shares.**

EXECUTIVE COMPENSATION AND REMUNERATION OF DIRECTORS

Compensation Discussion and Analysis

The following compensation discussion and analysis ("CD&A") describes the significant elements of the Corporation's proposed executive compensation program, with particular emphasis on the process for determining compensation payable to the President and Chief Executive Officer, the Chief Financial Officer, and each of the two most highly compensated executive officers other than the President, Chief Executive Officer, and the Chief Financial Officer (collectively, the "Named Executive Officers" or "NEOs").

Based on compensation levels paid or issued, as the case may be, during 2021, the NEOs for the purposes of this CD&A at the date of this Information Circular, are as follows:

- James Stypula Chief Executive Officer
- Ian Gendall: President
- Robin Sudo: Chief Financial Officer and Corporate Secretary

This CD&A reflects the current expectations of management of the Corporation with respect to the Corporation's executive compensation program. While there is no present intention to make any material changes to the Corporation's current executive compensation program, the corporate governance and compensation committee of the Board (the "**Corporate Governance and Compensation Committee**") may review the Corporation's executive compensation program and, if determined appropriate, may make recommendations to the Board regarding changes to the program in light of relevant factors including the Corporation's status as a public company.

Overview

The Corporation's executive compensation program is administered by the Corporate Governance and Compensation Committee. As part of its mandate, the Corporate Governance and Compensation Committee reviews and recommends to the Board the remuneration of the NEOs. The Corporate Governance and Compensation Committee is also responsible for reviewing the Corporation's compensation policies, compensation matrix and guidelines generally. For a description of the Corporate Governance and Compensation Committee and its current members, see the Corporation's Statement of Corporate Governance Practices in "*Corporate Governance*".

Compensation Philosophy and Objectives of the Compensation Program

The Corporation's compensation program intends to seek to encourage growth in reserves, production, cash flow and earnings while focusing on achieving attractive returns on capital in order to enhance shareholder value. To achieve these objectives, the Corporation believes it is critical to create and maintain a compensation program that will attract and retain committed, highly qualified personnel by providing appropriate rewards and incentives, motivate their performance in order to achieve the Corporation's strategic objectives and align the interests of executive officers with the long-term interests of the Corporation's shareholders and enhancement in share value.

Components of Compensation

The Corporation compensates its NEOs through the following: (i) base salary; (ii) discretionary cash bonuses paid from time to time based on performance; and (iii) long-term incentive compensation comprised of grants of Options at levels which the Corporate Governance and Compensation Committee believes are reasonable in light of the performance of the Corporation.

Base Salary

Base salaries are intended to compensate each NEO's core competencies, skills, experience and contribution to the Corporation. The Corporate Governance and Compensation Committee believes that base salaries should be competitive but total compensation should be weighted toward variable, long term performance-based components.

Cash Bonus

Discretionary cash bonuses are intended to motivate and reward the accomplishment of specific business and operating objectives within a defined period. Cash bonuses are paid at the discretion of the Board on the recommendation of the Corporate Governance and Compensation Committee, based upon the achievement of certain corporate objectives. Cash bonuses awarded by the Corporate Governance and Compensation Committee are intended to be generally competitive with the market. The Corporate Governance and Compensation Committee considers the Corporation's performance during the year with respect to the qualitative goals in the context of market and economic trends and forces, extraordinary internal and market-driven events, unanticipated developments and other extenuating circumstance in making bonus determinations.

Cash bonus payments totaling \$175,000 were made to the NEOs during the financial year ended April 30, 2021. The Corporate Governance and Compensation Committee meets with management of the Corporation in the first quarter of each year to review the proposed yearly base bonus award target (anticipated to be determined by reference to a target percentage of base salary) and will make recommendations to the Board regarding the approval of same. Similar to the determination of base salaries, consideration will be given to the Corporation's compensation peer group when determining the final amount of any cash bonuses to be paid.

Proposed cash bonuses for NEOs, excluding the President and Chief Executive Officer, will be recommended by the President and Chief Executive Officer, reviewed by the Corporate Governance and Compensation Committee, and, if deemed appropriate, recommended to the Board for approval. Any cash bonus to be paid to the Chief Executive Officer will be determined by the Board based on recommendations received from the Corporate Governance and Compensation Committee.

Option Awards

The Option Plan is a key instrument used by the Corporation in attracting and retaining top performing people with the entrepreneurial characteristics needed to further the Corporation's objectives and prospects for growth. The Corporation believes that long-term performance is achieved through an ownership culture that encourages performance by the Corporation's Directors, officers, employees and consultants through the use of Option grants. In order to attract and retain executives and other key employees, the Corporation has provided in the past, and expects to continue to provide in the future, long-term incentive awards through Option grants.

On October 20, 2020, the date of the Corporation's last shareholders meeting, the Shareholders approved the Corporation's "rolling" Option Plan, attached to this Information Circular as Schedule "B", which allows the Corporation to grant Options to acquire such number of Shares equal to (together with Shares reserved for issuance pursuant to any other security based compensations arrangement) a maximum of 10% of the aggregate of all issued and outstanding Shares on the date of grants to its Directors, officers and other employees. See "*Securities Authorized for Issuance under Equity Compensation Plan*". Because the Option Plan is a "rolling" plan, in accordance with the requirements of the TSXV, every year the Option Plan must be approved by the Corporation's Shareholders. See "*Particulars of Matters to be Acted Upon – Annual Approval of the Stock Option Plan*".

The Board and the Compensation Committee believes that the grant of Options to the Directors and executive officers and share ownership by such Directors and executive officers serves to motivate achievement of the Corporation's long-term strategic objectives and the result will benefit all Shareholders of the Corporation.

The Board reviews the recommendation of the executive officers regarding proposed Option awards to officers and Board members. The board members base their decisions upon the seniority, level of responsibility and the contribution of each individual toward the Corporation's goals and objectives. In some cases, Option awards are proposed as a means of enticing personnel into the employ of the Corporation.

Consideration is given to the overall number of Options that are outstanding relative to the number of outstanding Shares of the Corporation in determining whether to make any new grants of Options, and the size of such grants. In determining new grants of Options, consideration is given to prior grants as well as the terms of currently outstanding Options.

As of the year ended April 30, 2021, 1,270,000 Options were issued and outstanding. Subsequent to the year end and as of the date of this Information Circular, 1,270,000 Options were issued and outstanding.

Hedging Activities

Although the Corporation has no formal hedging policy in place with respect to purchases of securities by NEOs or directors designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by such individuals, to the Corporation's knowledge, no NEO or director has hedged the economic value of his direct or indirect interests in the market value of the Corporation's Common Shares so held or granted as compensation.

Risk Assessment and Oversight

The Board and Corporate Governance and Compensation Committee are keenly aware of the fact that compensation practices can have unintended risk consequences. The Corporate Governance and Compensation Committee will continually review the Corporation's compensation policies to identify any practice that might encourage an employee to expose the Corporation to unacceptable risks. At the present time, the Corporate Governance and Compensation Committee is satisfied that the current executive compensation program does not encourage the Corporation's executives to expose the business to inappropriate risk. The Corporate Governance and Compensation Committee takes a conservative approach to executive compensation rewarding individuals for the success of the Corporation once that success has been demonstrated and incenting them to continue that success through the grant of long-term incentive awards. In addition, the number of options a particular NEO is entitled to receive is limited by the Option Plan.

CORPORATE GOVERNANCE

General

Corporate governance refers to the policies and structure of the board of directors of a company, whose members are elected by and are accountable to the shareholders of the company. Corporate governance encourages establishing a reasonable degree of independence of the board of directors from executive management and the adoption of policies to ensure the board of directors recognizes the principles of good management. The Board is committed to sound corporate governance practices, as such practices are both in the interests of shareholders and help to contribute to effective and efficient decision making.

Board of Directors

Pursuant to National Instrument 58-101 – *Disclosure of Corporate Governance Practices*, a director is independent if the director has no direct or indirect relationship with the issuer which could, in the view of the issuer's board of directors, be reasonably expected to interfere with the exercise of a member's independent judgment. Certain directors are deemed to have a material relationship with the issuer by virtue of their position or relationship with the Corporation. The Board is currently comprised of five (5) members. Currently four (4) directors are independent. In assessing whether a director is independent for these purposes, the circumstances of each director have been examined in relation to a number of factors.

The independent members of the Board are William Bennett, Richard Zimmer, Carol Li and Don Njegovan. The non-independent member of the Board is James Stypula by virtue of his position as the Corporation's Chief Executive Officer.

Directorships

Some of the existing directors of the Corporation have also been directors of other issuers who are reporting in one or more Canadian jurisdictions as follows:

Orientation and Continuing Education

The Board is responsible for ensuring that new directors are provided with an orientation and education program, which will include written information about the duties and obligations of directors, the business and operations of the Corporation, documents from recent Board meetings, and opportunities for meetings and discussion with senior management and other directors. Directors are expected to attend all meetings of the Board and are also expected to prepare thoroughly in advance of each meeting in order to actively participate in the deliberations and decisions.

The Board recognizes the importance of ongoing director education and the need for each director to take personal responsibility for this process. The Board notes that it has benefited from the experience and knowledge of individual members of the Board in respect of the evolving governance regime and principles. The Board ensures that all directors are apprised of changes in the Corporation's operations and business.

Ethical Business Conduct

The Board is apprised of the activities of the Corporation and ensures that it conducts such activities in an ethical manner. The Board has not adopted a written code of business conduct and ethics. However, the Board encourages and promotes an overall culture of ethical business conduct by promoting compliance with applicable laws, rules and regulations; providing guidance to consultants, officers and directors to help them recognize and deal with ethical issues; promoting a culture of open communication, honesty and accountability; and ensuring awareness of disciplinary actions for violations of ethical business conduct. In particular, the Board ensures that directors exercise independent judgment in considering transactions and certain activities of the Corporation by holding in camera sessions of independent directors, when applicable, and by having each director declare his or her interest in a particular transaction and abstaining from voting on such matters, where applicable.

Nomination of Directors

The Board is largely responsible for identifying new candidates for nomination to the Board and does not have a separate nominating committee. The process by which candidates are identified is through recommendations presented to the Board, which establishes and discusses qualifications based on corporate law and regulatory requirements as well as education and experience related to the business of the Corporation.

Compensation

The Board is responsible for determining the compensation of the directors and Chief Executive Officer of the Corporation. The process by which compensation is determined is discretionary and may include an informal comparative analysis of the market for such services and recommendations presented to the Board. The Board reviews and discusses proposals received by the Chief Executive Officer of the Corporation regarding the compensation of management and the directors. The Corporation does not use benchmarking or maintain specific performance goals in determining compensation of the directors and Chief Executive Officer of the Corporation.

Other Board Committees

Corporate Governance and Compensation Committee

The Corporate Governance and Compensation Committee currently consists of William Bennett, Carol Li and Richard Zimmer. The Corporate Governance and Compensation Committee consists of three independent members of the Board and, on behalf of the Board, is responsible for director compensation, including reviewing and determining director compensation. The Corporate Governance and Compensation Committee reviews the compensation of members of the Board on an annual basis, taking into account compensation paid by other issuers of similar size and activity.

Assessments

The Board and its individual directors are assessed on an informal basis continually as to their effectiveness and contribution by the independent members of the Board. The Board encourages discussion amongst the Board as to evaluation of the effectiveness of the Board as a whole and of each individual director. All directors are free to make suggestions for improvement of the practice of the Board at any time and are encouraged to do so.

SCHEDULE "B" – STOCK OPTION INCENTIVE PLAN

DLP RESOURCES INC.

1. Purpose

The purpose of the Stock Option Plan (the "**Plan**") of DLP Resources Inc., a corporation existing under the *Business Corporations Act* (British Columbia) (the "**Corporation**") is to advance the interests of the Corporation by encouraging the directors, officers, employees and consultants of the Corporation, and of its subsidiaries and affiliates, if any, to acquire common shares in the share capital of the Corporation (the "**Shares**"), thereby increasing their proprietary interest in the Corporation, encouraging them to remain associated with the Corporation and furnishing them with additional incentive in their efforts on behalf of the Corporation in the conduct of its affairs.

2. Administration

The Plan shall be administered by the board of directors of the Corporation or by a special committee of the directors appointed from time to time by the board of directors of the Corporation pursuant to rules of procedure fixed by the board of directors (such committee or, if no such committee is appointed, the board of directors of the Corporation, is hereinafter referred to as the "**Board**"). A majority of the Board shall constitute a quorum, and the acts of a majority of the directors present at any meeting at which a quorum is present, or acts unanimously approved in writing, shall be the acts of the directors.

Subject to the provisions of the Plan, the Board shall have authority to construe and interpret the Plan and all option agreements entered into thereunder, to define the terms used in the Plan and in all option agreements entered into thereunder, to prescribe, amend and rescind rules and regulations relating to the Plan and to make all other determinations necessary or advisable for the administration of the Plan. All determinations and interpretations made by the Board shall be binding and conclusive on all participants in the Plan and on their legal personal representatives and beneficiaries.

Each option granted hereunder may be evidenced by an agreement in writing, signed on behalf of the Corporation and by the optionee, in such form as the Board shall approve. Each such agreement shall recite that it is subject to the provisions of this Plan.

3. Stock Exchange Rules

All options granted pursuant to this Plan shall be subject to rules and policies of any stock exchange or exchanges on which the Shares of the Corporation are then listed and any other regulatory body having jurisdiction hereinafter (hereinafter collectively referred to as, the "**Exchange**").

4. Shares Subject to Plan

Subject to adjustment as provided in Section 15 hereof, the Shares to be offered under the Plan shall consist of common shares of the Corporation's authorized but unissued common shares. The aggregate number of Shares issuable upon the exercise of all options granted under the Plan shall not exceed 10% of the issued and outstanding common shares of the Corporation from time to time. If any option granted hereunder shall expire or terminate for any reason in accordance with the terms of the Plan without being exercised, the unpurchased Shares subject thereto shall again be available for the purpose of this Plan.

However, other than in connection with a "Qualifying Transaction" (as defined in Policy 2.4 of the Exchange) or otherwise accepted by the Exchange, during the time that the Corporation is a "Capital Pool Company" (as defined in Policy 2.4 of the Exchange), the aggregate number of Shares issuable upon the exercise of all options granted under the Plan shall not exceed 10% of the common shares of the Corporation issued and outstanding at the closing of the Corporation's initial public offering.

5. Maintenance of Sufficient Capital

The Corporation shall at all times during the term of the Plan reserve and keep available such numbers of Shares as will be sufficient to satisfy the requirements of the Plan.

6. Eligibility and Participation

Directors, officers, consultants, and employees of the Corporation or its subsidiaries, and employees of a person or company which provides management services to the Corporation or its subsidiaries (“**Management Company Employees**”) shall be eligible for selection to participate in the Plan (such persons hereinafter collectively referred to as “**Participants**”). Subject to compliance with applicable requirements of the Exchange, Participants may elect to hold options granted to them in an incorporated entity wholly owned by them and such entity shall be bound by the Plan in the same manner as if the options were held by the Participant.

Subject to the terms hereof, the Board shall determine to whom options shall be granted, the terms and provisions of the respective option agreements, the time or times at which such options shall be granted and vested, and the number of Shares to be subject to each option. In the case of employees or consultants of the Corporation or Management Company Employees, the option agreements to which they are party must contain a representation of the Corporation that such employee, consultant or Management Company Employee, as the case may be, is a bona fide employee, consultant or Management Company Employee of the Corporation or its subsidiaries.

A Participant who has been granted an option may, if such Participant is otherwise eligible, and if permitted under the policies of the Exchange, be granted an additional option or options if the Board shall so determine.

7. Exercise Price

- (a) The exercise price of the Shares subject to each option shall be determined by the Board, subject to applicable Exchange approval, at the time any option is granted. In no event shall such exercise price be lower than the exercise price permitted by the Exchange.
- (b) Once the exercise price has been determined by the Board, accepted by the Exchange and the option has been granted, the exercise price of an option may only be reduced if at least 6 months have elapsed since the later of the date of the commencement of the term, the date the Corporation’s shares commenced trading or the date the exercise price was reduced. In the case of options held by insiders of the Corporation (as defined in the policies of the Exchange), the exercise price of an option may be reduced only if disinterested shareholder approval is obtained.

8. Number of Optioned Shares

- (a) The number of Shares subject to an option granted to any one Participant shall be determined by the Board, but no one Participant shall be granted an option which exceeds the maximum number permitted by the Exchange.
- (b) No single Participant may be granted options to purchase a number of Shares equalling more than 5% of the issued common shares of the Corporation in any twelve-month period unless the Corporation has obtained disinterested shareholder approval in respect of such grant and meets applicable Exchange requirements.
- (c) No single consultant of the Corporation (or any of its subsidiaries) shall be granted options to purchase Shares if the exercise thereof would result in the issuance of more than 2% of the issued common shares of the Corporation in any twelve-month period.
- (d) Options shall not be granted if the exercise thereof would result in the issuance of more than 2% of the issued common shares of the Corporation in any twelve month period to persons employed to provide investor relation activities. Options granted to Consultants performing investor relations activities will contain vesting provisions such that vesting occurs over at least 12 months with no more than ¼ of the options vesting in any 3 month period.

9. Duration of Option

Each option and all rights thereunder shall be expressed to expire on the date set out in the option agreement and shall be subject to earlier termination as provided in Sections 11 and 12, provided that in no circumstances shall the duration of an option exceed the maximum term permitted by the Exchange. For greater certainty, if the Corporation is listed on the TSX Venture Exchange, the maximum term may not exceed 10 years.

10. Option Period, Consideration and Payment

- (a) The option period shall be a period of time fixed by the Board not to exceed the maximum term permitted by the Exchange, provided that the option period shall be reduced with respect to any option as provided in Sections 11 and 12 covering cessation as a director, officer, consultant, employee or Management Company Employee of the Corporation or its subsidiaries, or death of the Participant.
- (b) Subject to any vesting restrictions imposed by the Exchange, the Board may, in its sole discretion, determine the time during which options shall vest and the method of vesting, or that no vesting restriction shall exist.
- (c) Subject to any vesting restrictions imposed by the Board, options may be exercised in whole or in part at any time and from time to time during the option period. To the extent required by the Exchange, no options may be exercised under this Plan until this Plan has been approved by a resolution duly passed by the shareholders of the Corporation.
- (d) Except as set forth in Sections 11 and 12, no option may be exercised unless the Participant is at the time of such exercise a director, officer, consultant, or employee of the Corporation or any of its subsidiaries, or a Management Company Employee of the Corporation or any of its subsidiaries.
- (e) The exercise of any option will be contingent upon receipt by the Corporation at its head office of a written notice of exercise, specifying the number of Shares with respect to which the option is being exercised, accompanied by cash payment, certified cheque or bank draft for the full purchase price of such Shares with respect to which the option is exercised. No Participant or his legal representatives, legatees or distributees will be, or will be deemed to be, a holder of any Shares of the Corporation unless and until the certificates for Shares issuable pursuant to options under the Plan are issued to him or them under the terms of the Plan.

11. Ceasing To Be a Director, Officer, Consultant or Employee

- (a) Subject to subsection (b), if a Participant shall cease to be a director, officer, consultant, employee of the Corporation, or its subsidiaries, or ceases to be a Management Company Employee, for any reason (other than death), such Participant may exercise his option to the extent that the Participant was entitled to exercise it at the date of such cessation, provided that such exercise must occur within 90 days after the Participant ceases to be a director, officer, consultant, employee or a Management Company Employee, unless such Participant was engaged in investor relations activities, in which case such exercise must occur within 30 days after the cessation of the Participant's services to the Corporation.
- (b) If the Participant does not continue to be a director, officer, consultant, employee of the Resulting Issuer upon completion of the Corporation's Qualifying Transaction (as such terms are defined in the policies of the Exchange), the options granted hereunder must be exercised by the Participant within the later of 12 months after completion of the Qualifying Transaction and 90 days after the Participant ceases to become a director, officer, consultant or employee of the Resulting Issuer.
- (c) Nothing contained in the Plan, nor in any option granted pursuant to the Plan, shall as such confer upon any Participant any right with respect to continuance as a director, officer, consultant, employee or Management Company Employee of the Corporation or of any of its subsidiaries or affiliates.

12. Death of Participant

Notwithstanding Section 11, in the event of the death of a Participant, the option previously granted to him shall be exercisable only within the one (1) year after such death and then only:

- (a) by the person or persons to whom the Participant's rights under the option shall pass by the Participant's will or the laws of descent and distribution; and
- (b) if and to the extent that such Participant was entitled to exercise the option at the date of his death.

13. Rights of Optionee

No person entitled to exercise any option granted under the Plan shall have any of the rights or privileges of a shareholder of the Corporation in respect of any Shares issuable upon exercise of such option until certificates representing such Shares shall have been issued and delivered.

14. Proceeds from Sale of Shares

The proceeds from the sale of Shares issued upon the exercise of options shall be added to the general funds of the Corporation and shall thereafter be used from time to time for such corporate purposes as the Board may determine.

15. Adjustments

If the outstanding Shares of the Corporation are increased, decreased, changed into or exchanged for a different number or kind of shares or securities of the Corporation or another corporation or entity through re-organization, merger, re-capitalization, re-classification, stock dividend, subdivision or consolidation, any adjustments relating to the Shares optioned or issued on exercise of options and the exercise price per Share as set forth in the respective stock option agreements shall be made in accordance to the terms of such agreements.

Adjustments under this Section shall be made by the Board whose determination as to what adjustments shall be made, and the extent thereof, shall be final, binding and conclusive. No fractional Share shall be required to be issued under the Plan on any such adjustment.

16. Transferability

All benefits, rights and options accruing to any Participant in accordance with the terms and conditions of the Plan shall not be transferable or assignable unless specifically provided herein or the extent, if any, permitted by the Exchange. During the lifetime of a Participant any benefits, rights and options may only be exercised by the Participant.

17. Amendment and Termination of Plan

Subject to the policies, rules and regulations of any lawful authority having jurisdiction (including any exchange on which the Common Shares are listed for trading), the Board may at any time, without further action by the shareholders, amend the Plan or any option granted hereunder in such respects as it may consider advisable and, without limiting the generality of the foregoing, it may do so to ensure that options granted hereunder will comply with any provisions respecting stock options in the income tax or other laws in force in any country or jurisdiction of which a person to whom an option has been granted may from time to time be resident or citizen or the Board may at any time, without action by shareholders, terminate the Plan. The Board may not, however, without the consent of the option holder, alter or impair any of the rights or obligations under any option theretofore granted.

18. Necessary Approvals

The ability of a Participant to exercise options and the obligation of the Corporation to issue and deliver Shares in accordance with the Plan is subject to any approvals which may be required from shareholders of the Corporation and any regulatory authority or stock exchange having jurisdiction over the securities of the Corporation. If any Shares cannot be issued to any Participant for whatever reason, the obligation of the Corporation to issue such Shares shall terminate and any option exercise price paid to the Corporation will be returned to the Participant.

19. Effective Date of Plan

The Plan has been adopted by the Board of the Corporation subject to the approval of the Exchange and, if so approved, subject to the discretion of the Board, the Plan shall become effective upon such approvals being obtained.

20. Interpretation

The Plan will be governed by and construed in accordance with the laws of the Province of British Columbia.
